## CELEBRATING OUR CULTURE

*Movie Recommendation*

### Nonna

If you haven't seen it yet, take some time to watch the heartwarming film *Nonna*—now streaming on Netflix. Based on a true story, it's a touching tribute to Italian grandmothers and the quiet strength they carry. Through scenes of cooking, storytelling, and the passing down of recipes and wisdom, *Nonna* captures the soul of our heritage. It explores the deep roots of family, tradition, and food. The scenes of cooking, storytelling, and generational wisdom will strike a familiar chord for anyone raised in an Italian home. It's a powerful reminder that our culture lives on in the everyday moments—gathered around the table, sharing food, love, and memories that shape who we are. Be ready to laugh, cry, and feel deeply connected to the generations that came before us.
